Ever since it opened, this iconic, prestigious and beautiful space has become the ideal setting for all types of events, functions and celebrations. El Born CCM has a range of different spaces and multipurpose areas, all of which have been adapted and equipped for all kinds of events.

El Born Centre de Cultura i Memòria is an exceptional space in Barcelona. With its iconic history and prestigious heritage, this space exudes beauty, both in its wonderfully preserved archaeological site and the stunningly restored building that houses it.

As a public amenity, there is open access, just like any other city street, where visitors are surrounded by three centuries of Barcelona's history. It is also a space that has witnessed two key moments in the history of this city. At El Born CCM we not only encounter the archaeological site revealing the Barcelona of 1700, the prosperous city that was to suffer the siege and defeat of 1714 when Catalan laws and freedoms were annulled, but also the wrought iron structure of El Born's old market, a symbol of the prosperous, modern and profoundly European Barcelona of the 19th century.
